

Ferring Funtime Community Pre-school

Website Photograph Agreement

I understand that having access to Ferring Funtime's online password protected album, I will have access to not only my own but other children's photos.

While all (included children's) parents have given permission for their photos to be posted on the website, to uphold the safety of all preschool children and staff, I agree to not copy, share or print any pictures.

I am aware that the photos will be available for a short period of time and the passwords changed periodically.

I agree that I shall not share the password with any other persons and that all password related communications are kept strictly between myself and the office staff at Ferring Funtime.

If I am using public computer to view photos I agree to untick the 'remember me' option under the log in and close the browser after use.

I agree to respect the privacy of other children, their families and staff within the online albums.

Date: Childs Name:.....

Parents Signature: Print:
