

# Ferring Funtime Community Pre-school

---

## IMPORTANT INFORMATION

6<sup>th</sup> December 2020

Dear Parents / Carers,

We regret to inform you that we have had a confirmed case of Coronavirus within the setting. We are currently waiting for official advice, until we have been advised otherwise, we are to follow the governments guidelines as follows;

**All persons that have been in direct contact of the person that has tested positive must self-isolate for 14 days. ALL CHILDREN WILL THEREFORE NEED TO SELF-ISOLATE, which means they must not leave their homes. Other people in their household do not need to self-isolate, unless the pre-school child starts to show symptoms.**

**At this stage we believe this 14 day period will end on Wednesday 16<sup>th</sup> December, with the child being able to leave their homes on Thursday 17<sup>th</sup> December.**

We understand that this can potentially have a huge impact on you all, but hopefully with the vigorous cleaning schedule that we have been practicing the potential for further cases will be kept to a minimum.

Please be vigilant and keep informed with the latest government advice and please communicate with us should you have any confirmed cases at home.

We will continue to give you any updates or advice where appropriate and hope you all stay well. We appreciate you may have questions and we aim to address all questions in order of priority, so please bear with us while we prioritise any health-related queries and concerns.

Stay safe,

Sandra Cooper  
Manager
